Success Story

One leading IMO developed a rules-based system

Streamline Quoting with IXN

The go-to platform to access quotes, forms, and insurance data to make the process of selling life insurance simple.

Product Suite Options:

- **Quoting**
  Increase productivity by running fewer and faster quotes.

- **Forms**
  Find and distribute carrier forms with ease and an intuitive user experience.

- **Mobile App**
  Give your agents the ability to quote life insurance, submit e-tickets, and access helpful sales and marketing info anywhere they are through a company-branded mobile app.

- **E-Tickets**
  Submit your new life insurance business directly to your preferred carriers through this award-winning multi-carrier ticket submission process.

- **Dashboard/Analytics**
  Manage all data related to your tools.

- **Website Quoter**
  Build the best experience for your customers and control your own lead source.
